
Overview of the Arts for Good Fellowship

The [Arts for Good \(A4G\) Fellowship](#) is an annual programme organised by the [Singapore International Foundation](#) (SIF) to grow the Arts for Good ecosystem by fostering a community of practice that harnesses the power of arts and culture to create positive social change. The Fellowship brings together cross-sector professionals such as artists, arts administrators, creatives and programmers from the social sector on a programme comprising webinars and two exchange programmes. Upon completion, Fellows join a global alumni where they continue to connect, support and collaborate with one another.

In 2019, the Fellowship will explore the theme of ***Creative Empowerment for Children and Youth***. If you are passionate about developing young minds and you are actively using the arts to make a positive difference in the lives of the young, apply today!

The Fellowship will comprise the following components:

1. **Online Webinars**

The webinars provide Fellows with an online platform to connect, interact, and keep updated on relevant information throughout the duration of the Fellowship.

2. **Two Exchange Programme in Singapore and Delhi, India**

The exchange programmes provide an opportunity for Fellows to convene and gain insights into the interdisciplinary nature and demands of an impactful Arts for Good project in a specific city. Through experiential workshops, learning journeys, peer sharing and networking sessions, Fellows will be able to connect with each other and different stakeholders, expand their capacities and gain new perspectives. Each exchange programme will take place in these cities and Fellows are expected to do the following during the programme:

- **Singapore Exchange Programme (19-22 November 2019)**

Fellows will facilitate and participate in peer learning and sharing sessions and start developing community-based initiatives to implement during the Delhi, India Exchange Programme.

- **Delhi, India Exchange Programme (10-14 February 2020)**

Fellows will also facilitate and participate in peer learning and sharing sessions and implement community-based initiatives in Delhi, India.
